

Vinyl Siding & Accessories

Picking the right siding color, style and design is about to get easier.

Relax, you've got all you need right now!

This brochure will be the start of your exciting remodeling journey. As you page through all the options you have in the ABTCO line, make notes of woodgrain patterns you like, siding profiles you feel will bring out the best in your house, and then narrow down the colors to a few you think will work in your neighborhood. Then bring your wish list back into the siding experts at your local building material dealer. They have come to trust ABTCO vinyl siding products to deliver a very broad offering of low-maintenance sidings and accessories for years and years.

Market Trends

Designers and industry experts predict that the most popular color trends for home exteriors are dark, bold colors.

Intense heat from the sun's rays can take a toll on the exterior of your home. This can cause panels to distort and fade. Darker colors present an even bigger challenge because they absorb more of the sun's damaging rays. ABTCO's research and development team aggressively tested dark colored vinyl siding in laboratories and field tests, in order to combat these issues.

Being at the forefront of the industry, ABTCO is pleased to introduce **SpectraShield™** Technology to enhance overall product performance. The results prove that its unique properties and heat resistance capabilities are ideal for these new color trends.

Keeping your ABTCO vinyl siding looking new is as simple as a little soap and a squirt from the garden hose from time to time.

The more you know about vinyl siding, the more you'll love ABTCO.

We find most people do plenty of research when it's time to remodel their home exterior. They start asking their neighbors and friends where they have had good or bad experiences. Checking the

internet adds plenty of information—specs, performance ratings, profiles, thicknesses and colors. It's a great place to compare apples to apples. Most people will talk with a contractor friend and then go to their local building material dealer for their recommendation, and that will bring you to **ABTCO**.

Contractors and **homeowners** alike have depended on the low maintenance sidings from ABTCO for the best product designs and engineering that will give them a professional installation every time. Whether you do it yourself, or have a contractor do it for you, your home is going to go through an amazing transformation and **you're going to love it**.

There is a siding for every **taste and budget**. And there's a complete system to cover your entire home in low-maintenance vinyl. Around doors and windows. Soffit designed to fit all your overhangs and porches as well as the fascia and accessories to complete the job. With ABTCO, you can enter into the job with confidence knowing that everything you need will be there—from installation instructions and tips to all the special trim pieces and accessories.

HERE ARE A FEW IMPORTANT TERMS THAT WILL HELP YOU ALONG THE WAY.

Gauge

This is the thickness of the panel. The higher the gauge (or panel thickness), generally the better the panel. Thicker panels offer greater impact and weather resistance. Thicker panels also are more rigid so they will hang straighter and flatter against the wall for a more attractive finished installation. Thickness also adds cost, so balance out the performance characteristics you desire with your budget.

Grain

Vinyl siding is molded with different woodgrains to offer different exterior looks. We've designed the panels of ABTCO vinyl siding to have interesting woodgrains with enough subtle variations to allow for most every style and taste.

Style, Performance and Value

When selecting the right siding for your home, you will want to take into consideration the architectural styling of your home, environmental conditions such as wind and hail that your siding will need to endure, and your budget. ABTCO sidings come in most every price level, and even our most budget-conscious vinyl siding still stands up to harsh winters and tough summer sun.

Richmond

The Vinyl Siding that Stands Out Among the Rest as the Best.

Where Style and Science Meet

The exterior of your home is an expression of your style but equally as important is that the beauty lasts. ABTCO offers the ultimate in style and science in the Richmond Ultra™ Collection. Richmond Ultra™ is designed to always look incredible and deliver protection and comfort year after year.

Richmond Ultra™ brings together quality insulation and vinyl siding using our patent-pending mechanical fastening system, a revolutionary system allowing the vinyl and foam to function independently to expand and contract freely as outside temperatures change. The system design maintains the structural integrity and resists warping and bowing, keeping your siding smooth and straight for years. Richmond Ultra™, unparalleled Beauty, Protection, Durability and Ease.
